

Reconnecting to our network after flooding

To get your power back on after your property has been flooded:

1. You will need an Essential Energy form titled [CEOF2482 - Premises Restoration Verification Certificate](#).

Note that crews may have already left this form for you.

2. Engage a licensed electrical contractor to carry out a safety and compliance inspection.
3. Instruct your electrical contractor to complete this form and leave it with you.
 - The contractor will need to log a *Certificate of Compliance for Electrical Work (CCEW)* with Essential Energy as soon as possible and leave a copy with you for reference.
4. If your electrical contractor is a Level 2 Accredited Service Provider (ASP), they may be able to restore power to your property. Please note this will depend on the results of their safety inspection and any necessary repairs.
5. If your electrical contractor is NOT a Level 2 ASP, you will ALSO need to employ a Level 2 ASP to reconnect your property once your electrical contractor has inspected and safety certified your property.

- A list of Level 2 ASPs is available from the NSW Government Energy Saver website at www.energysaver.nsw.gov.au/households/you-and-energy-providers/installing-or-altering-your-electricity-service
6. Your Level 2 ASP will submit a *Notification of Service Work* to Essential Energy once your property has had power restored.
 - If you are unable to find a Level 2 ASP following completion of a safety and compliance inspection, please contact us to have power restored.
 - Essential Energy will then restore power to your property.
 - We will waive the normal reconnection fee for flood-affected customers we restore.

You will need to pay the electrical contractor for the safety and compliance inspection and power restoration by the Level 2 ASP.

Essential Energy will reimburse the costs for reconnection only (not safety inspections or electrical repairs) up to \$350.

Reconnecting to our network after flooding

To claim your reimbursement:

- > Email **connection.enquiries@essentialenergy.com.au** to begin your claim.
- > They will email you a *New Vendor Information form* which you will need to complete.
- > Then email **connection.enquiries@essentialenergy.com.au** and provide the following documents:
 - Copy of the *Certificate of Compliance for Electrical Work (CCEW)*.
 - Copy of the *CEOF2482 Premise Restoration Verification Certificate*.
 - Itemised invoice from the Level 2 ASP for the reconnection process.
 - Completed *New Vendor Information form*, to enable us to process your reimbursement.
- > The Customer Contact Centre will provide you with a Case Number by return email. Please keep this number as your reference.
- > Once approved, we will process your reimbursement of up to \$350 to pay for the Level 2 ASP reconnection fee.
- > If your premises have been inundated by water, you will need to arrange for a qualified electrician to visually inspect and test your supply, and an Authorised Level 2 Service Provider (ASP) to reconnect your supply. Your electrician may also be an ASP. You can find a list of local ASPs at **www.energysaver.nsw.gov.au/households/you-and-energy-providers/installing-or-altering-your-electricity-service**. Please call us on **13 20 80** if you can't contact an ASP to provide this service
- > Do not plug in or use any appliances that have been in the flood water until they have been checked by a qualified electrician.
- > Call Essential Energy on **13 20 80** before turning the power on if the structure has been inundated by flood waters.

If your home was completely destroyed by the floods and you will be rebuilding:

Essential Energy will contribute \$600 toward supporting you to reconnect to our network. You have two years to apply for this contribution.

1. Your ASP will need to contact us to submit a *New Connection Application* on your behalf when you are ready to rebuild
 - Select new 'Rural New Connection' to ensure we identify you as a flood-affected customer
 - Add to the notes on the form that you are a 'flood-affected customer'.
2. Essential Energy will send you or your ASP an *Offer to Connect*.
 - This will also confirm our \$600 contribution.
3. Accept the *Offer to Connect*
4. To receive your \$600 contribution, email **connection.enquiries@essentialenergy.com.au** and provide:
 - Paid tax invoice from your Level 2 ASP
 - Completed *New Vendor Information form*, to enable us to process your payment.

Please note for any customers facing financial stress or hardship can contact our Customer Contact centre to discuss what options may be available.
